Commodore's Log

I can't believe it's already July and summer is in full swing. I have been very busy representing our club at events at other yacht clubs.

We have a very exciting event coming up July 15th Saturday it's our annual cocktail / docktail party and I'm encouraging all social and boating members to attend this is a great event.

You are all invited to attend Ilya weekend outing at Put-In-Bay that starts the 29th of July. There's a lot of activities for adults and children; it's a very fun weekend.

The forecast is looking good for the Maumee fireworks we usually have several boats heading up River so if anybody would like to tag along please get a hold of one of the boating members to see if they are going up River for that on Monday July 3rd. The forecast for July looks like it's going to be hot. Come on down and take advantage of our family friendly pool and tiki bar.

Thank the wonderful staff we have for doing such a great job thus far especially with all the private events going on. And a special thanks to Sally Perz for bringing these events to MRYC.

Please keep Dan Petro's family in your prayers. He was past Commodore of Toledo Sailing Club.

Let's continue to have a great summer thanks for all your support!

Respectfully,
your Commodore.
